ACHIEVEMENTS

LeetCode - 100+ solved | handle : rajvels75

HackerRank - Problem Solving(Basic),Python(Basic) | handle : rajvelr755

PROFILE

Aspiring Web Developer with expertise in React and Python. Skilled in creating responsive, user-friendly websites and web applications. Passionate about leveraging modern technologies to solve real-world problems and eager to contribute to innovative projects in Meesho while advancing my technical knowledge.

WORK EXPERIENCE

SRM University   Mar 2025 - Present
Website Coordinator - Intern

Managing and updating website content using WordPress, ensuring accuracy, consistency, and timely information delivery

AlphaesAI   Jan 2025 - March 2025
Full Stack Developer - Intern

Developed an Identity Access Management system using Next.js and TypeScript, demonstrating strong front-end and back-end integration skills.

PROJECTS

Web Chat Application
- Built a real-time chat application using React.js, JavaScript, Tailwind CSS, and HTML with a focus on responsive UI and smooth user experience.
- Integrated Firebase for secure data storage, authentication, and real-time messaging, ensuring seamless backend connectivity.

User Database Management
- Developed a student management platform using Flask and Firebase, focusing on user authentication and administrative functionality.
- Implemented core features including email validation, signup, login, and password reset to enhance user accessibility and security.
- Integrated GitHub commit tracking to monitor student activity and contributions in real time.
